

# Step up to Management

Social care and health need managers who are knowledgeable, dedicated and passionate about delivering good quality care and support.

Interested in developing your career as a manager who can make a real difference?

## Are you:

- Motivated
- Committed
- Approachable
- Forward thinking
- Passionate about social care and health?

## Do you work in:

- Adult residential care
- Residential child care
- Domiciliary care
- Supported living
- Day services

## Why not step up to management?

- An exciting new programme for aspiring social care and health managers developed by Social Care Wales and the University of South Wales.
- Gives social care and health workers the knowledge and understanding needed to make the transition into a management role.
